

CTMHV Education Programs

The CTMHV is proud to offer excellent programs in a historic village setting featuring authentic buildings dating back to 1820. Our programs are designed to provide solid, hands-on enhancements to your pioneer studies. We also offer programs in our transportation museum, combined programs, and in-school or off-site programs. Our programs are presented by an experienced professional, and aided by talented and dedicated volunteers. Select a program below for more information.

"Finally! A schoolhouse program that is interactive. Great!"

"The students enjoyed their day at the village. They enjoyed the pioneer recess activities and the new scavenger hunt (Village Detective game) was a great addition. The pioneer clothing helped add to their experience."

"The changes (to the program) were very student friendly. The children really enjoyed playing with the pioneer toys. Also, the scavenger hunt (Village Detective game) allowed them to see all the buildings in an active, involved way. They loved the old favourites too, such as candle-making and visiting the jail. Thanks for a wonderful day!"

"Excellent program. The leaders were very knowledgeable and understanding of children and their needs."

"This was my 5th visit to Heritage Village. I am looking forward to next year!"

"This is a wonderful program and a highlight for us in Grade 3."

"Amazing job! We look forward to next year."
