Telephone: 519-776-6909

- Grade 10 WWII program available in April and November only. Exhibit will be set up in the main hall. Please call for prices. Additional tours of the village and/or museum are also available for an additional fee.
- Various programs can be tailored to high school automotive or woodworking students.
- High school co-operative education placements are available in the interpretation and artifact recording departments. Teachers are encouraged to contact the Curator for more details.
- University of Windsor internship placements are available through the VIP Program and involve students working in the archive office cataloguing, labeling and exhibiting artifacts.
- University and College students may take part in educational tours of both the Transportation Museum and Heritage Village. Contact the Curator for prices.
- The CTMHV is a great place to complete your required high school community service hours.
