Let us bring the pioneer past to you.

We will bring historic artifacts and pioneer information to your classroom for your students to explore with their own hands. Students will manipulate tools children used from the home, the farm, and the school house, including: a yoke for carrying buckets of water, a carpet beater, a butter churn, slate and chalk, and a hornbook.

But pioneer life was not all work! Our presenters will also bring an assortment of vintage reproduction toys for a real pioneer playtime. Students may also take part in making butter and assessing artifacts from the past.

- This program is available Tuesday to Friday during your school year.
- The program runs approximately 1 to 2 hours in duration at a cost of only \$100.00.
- Additional classes scheduled for the same day are \$80.00.
