973.4.1	Safe	Fair	No longer fit for the collection	 A photograph of a large, dark, ornate metal safe. The safe is positioned on a tiled floor with a pattern of light and dark blue-grey tiles. The safe's door is slightly ajar, revealing the interior. The safe has a prominent handle on the left side and a circular dial or lock mechanism in the center. The safe appears to be made of heavy metal and has a classic, somewhat decorative design.
